NOTICE TO MARINERS

№ 4 of 2011

DIVING OPERATIONS IN ST HELIER MAIN HARBOUR

Mariners are advised of the diving operations that will take place within the main harbour at St Helier on various dates during March 2011. A pontoon platform will be used and will display the "A" Flag when divers in the water. Lookouts will be posted both on the quayside and pontoon, and when working in the areas of the pier heads the workboat HALCYON will be acting as guard boat. Vessels should give these operations a wide berth.

A handwritten signature in black ink, appearing to read 'P. Moore'.
